

Traditional MAC Elective Course Options

The following list includes elective options for students pursuing a Traditional Masters of Accounting degree. Students in this program cannot take the following elective options: ACG 6027, ACG 6635, ACG 6137, ACG 6347, MAR, MAN, internships, or study tours. Students in the general MAC program are required to take one ACG course and three courses from any other category. Students in the AIS concentration choose three courses from the ITOM category.

Note: Not all courses are offered every semester, and offerings are subject to change.
